# A Smarter Way to Hydr8!

With Smartwell®, your clients and team members can experience a healthier and more exciting way to hydrate.

An alternative to sugary beverages, Smartwell lets you customize your filtered still or sparkling water by adding delicious and natural fruit flavors and enhancements. Plus, instead of storing bulky cases of bottled water or cans, Smartwell saves you space and the cost of purchasing single-serve beverages.

## A friend to the environment

Compact, multiuse pouches reduce waste from single-use plastic bottles and aluminum cans.

## Easy maintenance

Let us help you! Our Hydr8 service includes filter & CO2 tank replacements plus any preventative maintenance.

Caring for Smartwell is a breeze. Simply clean your unit daily or weekly (based on activity) and replace the pouches when needed.

Conveniently monitor all connected units, manage orders and get the support you need — all from your computer, smartphone or tablet.

## Smart, Touchless Dispensing

With the touchless dispensing capability, create custom beverages and view nutritional information right from your mobile device, without having to touch the unit itself.

### Follow these easy steps:

1. Download the free **Elkay Smartwell** app to your mobile device.
2. Open app on your mobile device and scan the QR code on Smartwell unit's screen.
3. Make your selections, dispense and enjoy!

# SO MANY COMBINATIONS!

Customize beverages by mixing and matching mouth-watering flavors and healthy enhancements. With so many options, there's a combination to delight and satisfy everyone.

## Choose still or sparkling water\*

Still water

Sparkling water

## Select a single flavor or be bold and try two

Lemon

Lime

Raspberry

Peach

Black Cherry

Pomegranate

## Add a little something extra\*\*

Electrolytes

Vitamin C

Caffeine

Sweetener

### CUSTOMIZE

Enjoy more than 70 beverage combinations: choose still or sparkling water, add flavors, natural sweetener, electrolytes, vitamin C or caffeine.

### SEE BOTTLES SAVED

On-screen Green Ticker™ counts number of plastic bottles saved from waste.

### ECO-FRIENDLY

Compact, multiuse pouches reduce waste from single-use plastic bottles and aluminum cans.

### HEALTHY HYDRATION

Filtered water, zero calories, natural flavors and enhancements – a healthy alternative to sugary beverages.

### EASY TO CLEAN

Materials and finishes wipe clean easily; toolless removal of key components simplifies deep cleaning and sanitizing.

### TOUCHLESS DISPENSING

Create custom beverages and view nutritional information from the touch screen or your mobile device.

# Smartwell

Save floor space with our convenient countertop unit that serves up to 100 employees depending on usage. This is a great option for smaller businesses or as a secondary beverage dispenser for larger businesses.

- **Offers 70+ combinations**

Small in stature, big on performance with more than 70 beverage options

- **Holds up to six pouches**

Three different flavors, one enhancement, sweetener and citric acid

- **True countertop solution**

Fits under standard kitchenette cabinets

**Space requirements:** 32"L x 23-4/5"W x 18"H

## Optional cabinet for Smartwell countertop unit

If you have limited counter space or not enough clearance, opt for the cabinet that holds your Smartwell countertop unit, and then some. Store accessories and more inside to maximize space and keep the area tidy.

- Conveniently increases storage space, frees up the counter
- Includes space to install filter and stores up to a 20-lb. CO2 tank and unused pouches and filters
- Perfectly coordinates with countertop dispenser
